Our Total Home Care Club covers all of these Preventative Maintenance Inspections and more!

PLUMBING & DRAIN CLEANING

- ✓ Tune-up mechanical parts
- ✓ Check water pressure
- ✓ Test drinking water
- ✓ Check washing machine hoses
- ✓ Check all faucets for leaks to ensure proper operation
- ✓ Dye test toilets to check for leaks to ensure proper operation
- ✓ Check all drains for proper flow
- ✓ Provide Bio-Clean treatment to all drains
- ✓ Check garbage disposals for proper operation
- ✓ Check all emergency shutoff valves for proper operation
- ✓ Label all shutoffs at locations
- ✓ Check all under-sink traps and shutoffs
- ✓ Check main water meter
- ✓ Check all outside spigots

Did you know that one leaking toilet and a dripping faucet can waste over 50,370 gallons of water a year?

HEATING

- ✓ Check all the burners for proper operation
- ✓ Check thermocouple for proper operation
- ✓ Check the heat exchanger surface
- ✓ Check the flue pipe
- ✓ Lubricate pumps, bearings, and fans
- ✓ Check the inducer and blower motors (where applicable)
- ✓ Check and tighten all electrical connections
- ✓ Check the safety switch and controls
- ✓ Check the pilot assembly
- ✓ Check temperature and pressures
- ✓ Check thermostat for proper operation
- ✓ Check drain lines and traps for proper function
- ✓ Testing and labeling of emergency shut-offs
- ✓ Check gas valve

HEATING (CONT.)

- ✓ Check zone valves
- ✓ Check expansion tank
- ✓ Check aquastat, relay and water regulator
- ✓ Check air flow across indoor coil and blower wheels
- ✓ Check duct work for leaks
- ✓ Start and test operation and cycle of unit
- ✓ Check air flow
- ✓ Check humidifier/dehumidifier

Annual checkups can prevent over 70% of all furnace repairs as well as improve your system's efficiency by up to 16% - saving you money!

AIR CONDITIONING

- ✓ Check condenser coil
- ✓ Check evaporator coil
- ✓ Check blower motor
- ✓ Check refrigerant charge
- ✓ Lubricate motor, bearings, and fans (where applicable)
- ✓ Check and tighten all electrical connections
- ✓ Check temperature and pressures
- ✓ Check thermostat for proper operation
- ✓ Check and labeling of emergency shut-offs
- ✓ Check controls and safety devices
- ✓ Check capacitors
- ✓ Check condensate drain
- ✓ Check relays and contactors for proper operation
- ✓ Check duct work for leaks
- ✓ Check proper amperage and voltage of A/C system
- ✓ Start and test operation and cycle of unit
- ✓ Check air flow
- ✓ Check humidifier/dehumidifier

By keeping your central A/C system in top working order with annual maintenance, you can cut your monthly energy costs by about 25% and reduce breakdowns by as much as 95%!

Dear Valued Member,

Welcome and thank you for choosing Davis Home Services for all of your home needs. We greatly appreciate your dedicated service and look forward to being your one-stop shop for years to come.

In this packet we have included our review program form and the referral cards that we discussed. Should you have any questions on this please feel free to reach out to us.

As you know, Davis Home Services is completely committed to 100% customer satisfaction. With our Total Home Care Club, you not only receive priority service & discounted pricing, you also receive three comprehensive inspections each year (Plumbing + Heating + Air Conditioning). As you can see from the enclosed brochure, the value of each inspection is far greater than the cost of the plan itself. This membership is fully transferable to a new home or new homeowner at no additional cost.

Thank you for taking advantage of our Total Home Care Club Plan. If you ever have any questions or if we can help in any other way, please call 800-913-8272 or book a service appointment online at www.DavisHomeServices.com.

As always, have a better than great day!

Best,

**Proud Owners of
Davis Home Services**
Ron & John Davis
